

Concierge Cancer Care

Focus on your health. We'll help with the rest.

If you've been diagnosed with cancer, it may be difficult to know your next steps or which treatment plan is right for you. The Concierge Cancer Care program can help by walking you through each step of your cancer journey with the support and resources you need. We'll go over your options, answer your questions, check in with you along the way, and take as much of the burden off you as we can so you can focus on what matters most — your health and recovery.

The value of a second opinion

You will be matched with an expert physician from ConsumerMedical who will provide you with a second opinion regarding your diagnosis and treatment plan for no extra cost.

How to connect with Concierge Cancer Care

We have three convenient ways to connect:

1. We'll call you if your claims history tells us you could benefit from the program.
2. Call a Health Educator at 833-514-1297 to learn more about the program and get started.
3. You can also reach out to ConsumerMedical for a virtual second opinion at 888-361-3944, Monday through Friday 8:30 a.m. to 11:00 p.m. ET.

Expert guidance

- We've collaborated with ConsumerMedical to offer a Virtual Second Opinion program that helps make sure you're getting the right care. Cancer experts will review your records, diagnosis, and treatment plan to ensure you're on the right path.¹
- A registered nurse will work with you one on one. They'll check in with you throughout your journey to make sure you're receiving the best care possible.

Premier treatment

- We can match you with hospitals that specialize in the care you need through our partnership with Centers of Excellence (COE) across the country. Each COE partner was named a top cancer treatment facility by U.S. News and World Report.²
- We'll connect you with the latest and most promising clinical trials and cutting-edge treatments that fit your specific condition.
- You'll get VIP service to make sure you're as comfortable as possible throughout treatment.

Peace of mind

- Travel expenses and accommodations are fully covered for you and a companion when you travel to a COE for treatment.³ Your care pre-authorizations are also confirmed before you travel anywhere, too.
- Once you complete your Virtual Second Opinion, we'll tell you how to access Tytocare technology. This tool allows you to take your vitals, check your throat, and other ways you can regularly check your symptoms from the comfort of home. You can view Tytocare technology in action [here](#).
- When you use Tytocare, doctors are available 24/7 through LiveHealth Online to review your Tytocare results and guide you to the right care, if needed.

We are here to help

If you have any questions, please call the Member Services number on the back of your ID card for more information.
